

Top 15 ideas to save money AND reduce your eco-footprint

- STOP BUYING THINGS! Do without.
- BUY QUALITY items as they will last longer. Support local and Australian producers.
- PRECYCLE to reduce your waste management costs.
- SUPPORT UPCYCLING.
- LEARN the skills to fix things.
- REFUSE things you don't want and don't need. Refuse your kids too. ;)
- GO OP SHOPPING! It's fun and generates no new products. Change our mindset.
- REUSE resources. Look for business waste that can be reused.
- BUY IN BULK and group buy amongst your friends/neighbours.
- SHARE resources. Do you really need that cement mixer?
- Embrace the FREEOLOGY movement! Join a freecycle/WNWN group. Build community.
- Investigate WATER TANK REBATES and TAP HEADS.
- CARPOOL more and drive a bit slower.
- Have a good look at your HOME/OFFICE DESIGN.
- Support investment into RENEWABLE ENERGY SOURCES AND TECHNOLOGIES.

YOUR CHALLENGE – change 1 thing per month. Thank you.
